

Presentation on Reforms in All India Trade Test (AITT)

conducted under the aegis of NCVT

on 11.10.2018

**Committee Room, 1st Floor, DGT, Employment
Exchange Building,
IARI Campus, Pusa, New Delhi**

Registration of candidates in NCVT MIS portal for training under CTS

- Regular candidates admitted in Govt and Private ITIs.
- Private candidates registered in Govt ITIs for appearing in AITT.
- Candidates admitted in ITIs under Dual System of Training

Implementation of NSQF compliant syllabus

- NSQF compliant syllabus is mandatory from the session Aug 2018 onward in all vocational training
- All 134 trades under CTS has been developed as per NSQF frame work
- The syllabus is available in CSTARI website for reference.

Formative Assessment

The progressive assessment as formative assessments has to be done at ITI as per the guideline and format available in NSQF compliant syllabus of the concern trade

Attendance

As per prevailing practice and existing guideline, the cumulative attendance for each year should be atleast 80%, whereas in special circumstances 10% relaxation may be provided to any trainee by the Principal of the concern Institute.

Issue of Hall ticket

The hall ticket for AITT has to be issued from NCVT MIS portal after due upload of formative assessment marks for each half year, attendance and examination fee status in NCVT MIS portal.

Online exam

The DGT may go for On-line examinations for ITI trainees admitted for the session starting from August, 2018 onwards

Clarifications regarding conduct of exam

- From admission session Aug 2018 onwards, the NSQF compliant syllabus designed for semester system will be used for providing training to trainees admitted in Govt /Pvt ITIs.
- The annual and supplementary exam will be conducted Online /OMR based with MCQ type questions.
- 1st year exam will be for complete syllabus of Sem-1 & Sem-2 and 2nd year exam for complete syllabus of Sem-3 & Sem - 4.

Clarifications regarding conduct of exam

cont..

- There will not be any partition in question paper. The question paper will be for complete syllabus of both semesters.
- Emphasis will be given on new topics added in NSQF compliant syllabus on new technologies in
- There will be separate question paper for each subject i.e. Trade theory, Employability skill, Workshop Sc.& Cal., Engineering drawing and Practical exam.

Formative Assessment

(internal assessment)

- There will not be any separate sessional marks for each subject. The internal marks are now as Formative assessment marks for each half year.
- The formative assessment marks has to be uploaded in NCVT MIS portal along with attendance data for 1st and 2nd half of the year.

Passing Marks

For the trainees admitted in ITIs from the session August, 2018 onwards with NSQF compliant curriculum, the passing marks percentage in theoretical papers is hereby reduced to 33% instead of existing 40%.

However, passing marks percentage in practical examination will continue to remain as 60%.

Grace marks

(Session August, 2018 onwards)

For the trainees admitted in ITIs from the session August, 2018 onwards, grace marks up to the extent of maximum 06 (six) marks for each exams in one or more number of theoretical papers should be granted.

There is no grace mark in practical examinations.

Grace marks

(Session before August, 2018)

For trainees admitted under semester system before session August, 2018, the grace marks of 07 (Seven) for Engg trades and 02 (Two) for Non-Engg trades should continue as per prevailing guidelines till the sunset of semester exams

Indication of Grace marks

It is decided that the grace marks should not be indicated as 'G' in the marks card and may be added to marks secured by trainee to make it equal to pass marks and will result in increase of total marks obtained by trainee.

Exam duration

The examination duration of theoretical papers in objective MCQ type question paper examination in OMR based / online examination for trainees under CTS, CITS & ATS.

- Question paper having 50 to 75 MCQ type questions is reduced to 02 hours in place of 03 hours,
- Question paper having 25 MCQ type question is reduced to 01.30 hours in place of 03 hours
- Duration of Engg. drawing paper is reduced to 03 hour in place of 04 hours.
- There is no change in duration of practical exam.

Graded autonomy to ITIs

- All ITI's having infrastructure as per NCVT norms, may be self centre for practical exam with effect from AITT to be held in Jan/Feb19.
- All ITIs having grading less than 2.5 and also all ungraded ITIs, external examiner for practical examinations should be deputed by concern state/UT directorate.

Graded autonomy to ITIs

cont..

- All the ITI's having grade more than or equal to 2.5 may have their own examiner for practical examination in addition to self centre for practical exam.
- The examiner should be different from the instructor who has taught the trainees of the concern unit/shift during training.

Graded autonomy to ITIs

cont..

- All the ITIs providing training to Differently Abled (DA) trainees should have their self exam centre for theoretical paper exam as well as practical exam and may have their own examiner for practical examination

.

In all the above cases, observers should be appointed by the state director for overall supervision of the exam

.

Practical Examiner qualification

- In addition to Degree/ Diploma and CITS passed out with 03 year experience in concerned discipline, the qualification for selection as practical examiner is hereby relaxed to ITI passed out instructors with atleast 03 (three) year of teaching experience.

Evaluation and upload of engg drawing and practical marks

- For early declaration of results of ITI trainees, the engineering drawing answer sheets of ITI trainees should be evaluated at every district nodal ITIs within three (03) working days from the last date of examination.
- Marks of Practical & Engg. Drawing should be uploaded in NCVTMIS portal by Nodal ITI.

Declaration of results

The All India result is declared by DGT and e-Mark-sheets and e-NTC are issued through NCVT MIS portal.

Recognition of Prior Learning (RPL) for Govt/Pvt. ITI instructors

- There will be certification and issuance of National Craft Instructor Certificate (NCIC) as Recognition of Prior Learning to in-service instructors of ITI with 03 years of teaching experience in Private / Government ITI.
- The in-service instructors of Govt / Pvt ITI should be registered in any NSTI through CFI portal of NCVT as private candidates. They should appear in examination at NSTI for such purpose.

Recognition of Prior Learning (RPL) for Govt/Pvt. ITI instructors cont....

- The self- learning content of one month training of pedagogy course will be made available on CSTRAI website as well as on NCVT MIS portal for ITIs.
- The in-service instructors willing to appear for the said exam are advised to learn this before appearing in exam.
- The instructor of Govt ITI should be recommended from State Directorate and instructors of Private ITI should be recommended from Principal of concern institute.

Recognition of Prior Learning (RPL) for Govt/Pvt. ITI instructors cont....

- Details of such instructors should be forwarded to any NSTI for registration of instructors in CFI portal as Private candidate.
- The Director NSTI should examine the recommendation and register the eligible candidate in CFI portal as private candidate..

Recognition of Prior Learning (RPL) for Govt/Pvt. ITI instructors cont....

- The examination will be held in the concerned NSTI with question paper from DGT and the candidates will appear in the examination as private candidate.
- The examinations may be conducted in frequency of 02 to 03 months for the duration of 03 /04 days.
- Initially this mode of certification will be offered for only 02 years i.e. up to Dec 2020. In future if required, the exam may be conducted in ITIs having grading of 3 or more.

Recognition of Prior Learning (RPL) for Govt/Pvt. ITI instructors cont....

- The Registration / Examination fee of Rs.3000/- per candidate will be charged.
- The examination paper for total – 500 marks should consists of -
- 1st Day Morning session - Theory paper consisting of 03 parts = 150 marks
- 1st Day Afternoon session – Engineering Drawing - (50 marks)
- 2nd day Full day - Training Methodology Practical Examination - (100 marks)
- 3rd day Full day -Trade Practical Examination (200 marks) extended to next day if required.
- The passing marks percentage will be 60% individually in every part of the examination
