1.1 Overview

The Directorate General of Resettlement & Employment (DGR&E), now known as the Directorate General of Training (DGT), was set up in 1945 for the purpose of resettling demobilized Defense Service personnel and discharged War Workers in civil life. Other major responsibilities include research in vocational training, development of instructional materials and affiliation of ITIs/ITCs, whereas State Governments / Union Territories are responsible for day to day administration of Employment Exchanges and ITIs. Each State Government has a Directorate of Directorate of Training which is responsible for:

(a) Carrying out the policy laid down by the National Council for Vocational Training (NCVT)
(b) Ensuring examinations are conducted by the State Board of Examinations
(c) Issuing the National Trade Certificates
(d) Arranging for inspection of training institutes / centers
(e) Affiliating trade units of training institutes / centers
(f) Conducting NCVT and non NCVT courses
