We had to write number of times to NABET and your good office. We applied for 9 trades but ultimately, we got only 2 trades, due to inspector misdeeds and we were so much depressed/harassed that we could never admit even a single student, due to non-viability of ITI. I am an academican and not a businessman. We have great infrastructure and strong-will to develop employable youth. It is very easy to close anything but challenging to move forward. May I request you to kindly put on hold our case for one year due to COVID era
