3.	Sanskriti Pvt. ITI, VillAmarpurJorasi (Narnaul) MIS Code PR06000 327	i. Trainees: - No trainee of any trade was found present. ii Staff: - No staff was present on the date of inspection.	The institute did not inform about such type of mis happening to the inspection committee. This shows that it is mere excuse to disguise non-attending culture which is being adopted by the institute.	1. Total area of 1014.17 sqmt. is allotted for establishing ITI (as per rent agreement) and that area is of basement where the IT is established. No other activity found on the day of inspection in that specific area t is also pertinent to mention that in the same premise where the ITI is established there was another building where D Pharma College was running. There was no separate/common boundary wall constructed between these two buildings. • On the day of inspection principal along with another staff member were not present. Only Chairman of the Institute was there. For both the trade Electrician and HSI all the tool equipment is as per syllabus. Classrooms and workshops were satisfying space norms • The 2018 session only 09 no, of admission, In 2019 session no admission in the institute in both the trade. • Attendance record of Staff and trainees was not maintained • Electricity supply connection was 3 phase Domestic category. • Raw material and stock reglster were not maintained. Apart from above observations this inspection team recommends that ITI might be allowed to continue affiliation if ITI remove all deficiencies mentioned above, from next session onward.	ITI to be De-affiliated and debarred from further affiliation for 3 years

No trainee was available at the time of inspection while more than 100 trainees are enrolled. 3. No staff was available in the ITI at the time of inspection except one Principal.	Institute is adopting non-attending culture & to divert the attention from burning issues. We are adhered to the deficiencies explained in inspection report.	1. Building of Om Private ITI is being used as the Hostel of Om Sterling Universal. 2. All the trades do not fulfill Land & Building norms, Tools & Equipment's norms and Power norms. All the trades / units running in the ITI are recommended for De-affiliation w.e.f. 2020-21 session.	ITI to be De-affiliated and debarred from further affiliation for 3 years
