**Subject: Provision for Edit Option for the ITIs who had not filled Trade units sought for affiliation in their application -reg**

Madam/sir,

This has reference to issue of many ITI applicants who had wrongly filled ITI application form for session 2020 on NIMI Portal. These ITIs did not mention Trade/Units sought for affiliation in the application form. Hence, such applications were rejected on NIMI portal with remark "Existing ITI New trade 0". As per the data available on NIMI portal total 205 applications were rejected due the reason "Existing ITI New trade 0" all over the country.

Now competent authority has decided to provide an edit option to these 205 applicant ITIs on the NIMI portal to fill the Trades/Units sought for affiliation, which will be considered for the 2023 session. In this regard an edit option will be given on NIMI portal from 1.08.2022 to 5.08.2022.

This issue with approval of competent authority.
