Subject: Cut-off date extension for Trainee verification for the session 2023 -Regarding.

Sir/Madam,

The Skill India Digital (SID) platform, launched in September 2023, aims to revolutionize the skills, education, employment, and entrepreneurship landscape in India. The SID portal serves as the primary platform for CTS trainees for admissions, examinations, and certifications.

Starting from the 2023 session, the SID portal has replaced the NCVT-MIS portal for CTS admissions. The data migration of admitted CTS trainees to the Skill India Digital (SID) portal from respective state portals has been successfully completed.

This Directorate General is actively monitoring the trainee verification process on the SID portal and addressing the issues faced by trainees' from time to time. As of now, over 75% of trainees have completed their verification out of the 14,17,679 trainee records uploaded on the SID portal.

Due to ongoing challenges faced by trainees on the SID portal, the cut-off date for the "Trainee Verification process" for the 2023 session was kept as 30th March 2024, which has now been further extended to 30th April 2024.

This issues with the approval of competent authority.

Yours faithfully

(Ujjwal Biswas)
Director, TC
